### Mayor Happy With Honors Awarded City

Mayor Albert Isen, when informed that Torrance had been selected as one of the 11 "All-America Cities" for 1956, issued the following statement: "On this joyous occasion, I wish to say that all credit is due to the citizens of Torrance for this accomplishment. "Certainly this great honor would not have been possible without the wonderful support and cooperation of everyone in the city and my only regret is that there is but one certificate presented rather than 84,000 so that each citizen could receive his just award. Certainly we are deeply appreciative and grateful for all those who made this greatest of all municipal awards possible. "I cannot stress too strongly there is no question in my mind but that Torrance was honored because of the integrated activity of responsible civic, business and labor leaders, progressive merchants, the finest school system in the country headed by Superintendent J. H. Hull whose students composed 18,000 letters which had a great effect upon the jury, a progressive Chamber of Commerce, a live-wire Jaycee organization, many civic, veterans, fraternal, women's, church, and youth groups, and a capable group of administrative city officials, and a free press that is interested in the betterment of the community. "I am proud that through the years Torrance has had no crime, no vice, no government corruption and there has never been necessity of citizen action to clean up our town."

Eaton, coordinator for Region 1, California Disaster Office. The Los Angeles County siren pattern consists of a one-minute steady blast, one minute of silence, and one minute of warbling sound.
